

# Grants Professional Services (GPS) Peer Review Feedback Service

*Run all of your grant application narratives by our team members to increase your chances of winning a competitive grant funding opportunity!*

## What is the peer review process?

- \* Reviewing the NOFA guidelines.
- \* Reviewing your grant application narrative.
- \* Comparing what you and your team wrote in the narrative to the NOFA guidelines.
- \* Applying the Federal grant application peer review process (using the word processing tracking tool to mark up weaknesses in your responses and using the comment tool to make recommendations for strengthening your narrative). *It's like submitting your grant application narrative to a government agency for a pre-application review. Intense, thorough, and conducted by GPS team members that have served as government peer reviewers for the 26 federal grantmaking agencies!*

**Notification timeframe:** GPS needs your document at least five (5) days before the submission due date.

**Fee:** Based on the length of your application narrative. Quotes will be provided after reviewing the NOFA for narrative page limit parameters.

*Schedule Your Grant Application For Peer Review Today! 877-232-4847 ext, 6203*
